Comment résoudre un labyrinthe

- Commencez à l’ouverture marquée DÉPART, en haut du labyrinthe.
- Tracez une ligne par les chemins ouverts jusqu’à l’ouverture marquée ARRIVÉE, en bas.
- On ne traverse pas les murs. En cas d’impasse, revenez en arrière et essayez un autre chemin.
- Chaque labyrinthe a exactement un chemin du départ à l’arrivée.
- Les solutions se trouvent à la fin du livre.
